

I-SIPS Product Release Information Table

The following table is the ICESat Science Investigator-led Processing System (I-SIPS) product release information table. It provides a summary of release information for all NASA ICESat/GLAS data distributed by NSIDC

NOTE: References to GLAS binary product names GLA01 to GLA15 refer to original GLAS binary data, and are retained here for informational and provenance purposes. Access to GLAS binary data was removed 01 August, 2017. All GLAS data are available in HDF5 format, products GLAH01 to GLAH15.
